

A close-up photograph of a steel truss joint. Several red-painted steel members converge at a central point, connected by a large, dark, spherical or cylindrical connector. The background shows more of the truss structure and some blurred greenery.

Technical drawing of a mechanical part, showing front and top views with dimensions.

**Front View (Top):**

- Overall height: 7.5
- Top flange height: 2
- Inner flange height: 2
- Bottom flange height: 1.5
- Top flange width:  $d=4$

**Top View (Bottom):**

- Overall width: 5
- Inner circular feature radius:  $r=6$
- Inner circular feature diameter: 3.5
